

## CONSEIL SCOLAIRE CENTRE-EST Hires new director for *Les petits oursons* daycare

**Saint-Paul, June 10 2019** - Henri Lemire, Acting Superintendent of Conseil scolaire Centre-Est, is pleased to announce that Mrs. Pauline Szucs will assume the position of Director of the *Les petits oursons* daycare in St. Paul. Mrs. Szucs will commence on August 1, 2019 following a transition period with Mrs. Quesnel.

The school board's top priority is to provide quality programming in a safe and caring environment for all children and students. It is in this context that Pauline Szucs joins the *Les petits Oursons* team to continue offering quality services and innovation as an Early Learning Child Care Centre.

Mrs. Szucs trained as a childcare provider in pre-school and primary education. Since 2012, she has played a valuable role having as her main responsibility the well-being and wholesome development of pre-school children. Her inherent understanding of early childhood needs, combined with her desire to acquire new strategies, emphasizes the qualities sought in a director of a Francophone daycare centre.

"I am committed to enriching the overall development of young children. I am proud of my Francophone heritage and of my work in early childhood. I have a strong understanding of the early childhood field and I believe I have the requisite skills set for this position," says Ms. Szucs.

"We are very pleased to welcome Mrs. Pauline Szucs to the francophone daycare team. Her attributes will reinforce our vision for early childhood development. Her past experience and training, as well as her plans to further her training are a great combination for the realization of our mission," said Josée Verreault, Assistant Superintendent.

The entire Centre-Est team and the St. Paul parents take this opportunity to sincerely thank Mrs. Sophie Quesnel for her outstanding work as the daycare's director. We wish madame Sophie every success in her future endeavors in New Brunswick!
